PROFILE

I'm a student at the Lycée Jean Chaptal in Quimper, studying for my BTS SIO and then a Informatic Licence. Having obtained the BAC STI2D at the Lycée Diadème in Tahiti, French Polynesia. My goal is to become financially free by creating sources of passive income and thus with the Capital Trading training to be able to buy shares and sell them afterwards. And thus create active capital income. As I'm looking for a job as a student, I'm looking for companies where I can put my skills and services to good use.
